CONTRACTUAL BONUS INSURANCE

OUR FULL-SUITE SOLUTIONS:

Performance-based incentives are commonly embedded in commercial, sponsorship, employment, and event-related contracts to drive results and reward achievement. While effective, these arrangements can create material financial exposure when performance targets are successfully met.

Contractual Bonus Insurance is designed to protect an insured's obligation to pay predefined bonus or incentive payments triggered by clearly defined performance outcomes. This coverage transfers success-based financial risk away from the insured, supporting balance-sheet stability and predictable budgeting while preserving the upside of performance-driven programs.

PERFORMANCE BONUS COVERAGE:

- Covers contractual obligations tied to clearly defined and measurable performance criteria
- Responds when agreed-upon performance targets, milestones, or achievements are met
- Mitigates financial volatility associated with success-driven payouts
- Supports disciplined financial planning and liability management

POLICY STRUCTURE:

This structure allows organizations to confidently deploy performance-based compensation and incentive programs without introducing unplanned financial risk.

- Coverage may be written on a **single-contract or aggregate basis**
- Limits are aligned directly with contractual bonus exposure
- Policy terms mirror underlying contract language and performance triggers
- Flexible policy periods based on the duration of the incentive arrangement

HOLE-IN-ONE AND PRIZE CONTEST INSURANCE

OUR FULL-SUITE SOLUTIONS:

Skill-based incentive challenges and promotional prize contests are widely used to increase engagement, visibility, and participation at golf tournaments, sporting events, and live promotions. While the probability of a successful outcome is low, the financial exposure associated with high-value prizes can be significant and concentrated.

Incentive and Prize Contest Insurance is designed to transfer this risk, allowing event organizers, sponsors, and promoters to offer meaningful awards while maintaining defined cost certainty and financial control.

HOLE-IN-ONE & PRIZE CONTEST COVERAGE:

- Applies to organized golf events, including professional and Pro-Am formats
- Extends to a wide range of skill-based prize contests and promotional challenges
- Coverage responds only if a participant successfully completes a predefined challenge under agreed-upon conditions
- Eliminates uncertainty associated with high-value, low-probability outcomes

INSURABLE PRIZES & LIMITS:

- Prizes may include cash, merchandise, vehicles, or equivalent-value awards
- Limits can range from nominal amounts up to **$1,250,000**, depending on contest structure
- Coverage terms are tailored to contest mechanics, probability, and number of attempts

POLICY STRUCTURE:

- Event-specific, short-term coverage
- All contest rules and coverage parameters established prior to policy inception
- Terms reflect hole distance, skill requirements, number of participants, and contest conditions
- Designed to deliver a transparent and cost-effective risk transfer solution
